Include Only Those Team Members Who Were Present Today! – Any Team Member Who Is Absent Must Communicate With Their Team → Complete Their Own Copy → and Submit It By The Beginning Of The Next Class To Get Credit!

Final Project Sub-System Leaders Team Lab

10 Points

Architecture Diagram → AD

- 1] Download a copy of the **Team-x-Architecture-Diagrams-1.pptx** slide presentation.
- 2] Update Slide #1 → Add the Team No, Team Name, and Team Members → Select Graphics
- 3] Complete the High-Level Architecture Diagram
- 4] Decide Who is going to take the **Lead** on each of your Sub-Systems. Each team member must be solely responsible for at least one sub-system per person. Try to distribute the work load as equally as possible.

- 5] Put the name(s) of the person, or persons, primarily responsible for each of your sub-systems → in the High-Level Architecture Diagrams.

What To Turn In

- 1] Place **Team-x-Architecture-Diagrams-1.pptx** in the Team's To Be Graded Folder.
